

Dear FCC,
I benefit and enjoy the traffic, weather and other services I pay for with XM satellite radio and consider it a violation of the first amendment for you to deny a legitimate business the right to publish information useful to consumers and that facilitates safer travel on our nation's roads. The National Association of Broadcasters should not have a monopoly on this service and I urge the FCC to reject the NAB's petition 04-160.

Respectfully submitted,

Matthew Driskill
